SEMINAR

PRESENTED BY FORESTADENT

Ibiza (Spain)

25TH – 26TH SEPTEMBER 2020

 **FORESTADENT**[®]
GERMAN PRECISION IN ORTHODONTICS

Welcome to Ibiza

Dear doctor,

the main focus for FORESTADENT in 2020 is aligner bracket therapy. And this is exactly why we have created the world's first seminar dedicated to this fascinating subject.

A remarkable new topic also calls for a remarkable location. And where could it be better than Santa Eulalia on the east coast of Ibiza, the epicentre of hippie culture. Ibiza – home to hippies and a vibrant night life culture. Ibiza, the island with two souls that couldn't be more different yet work well together. Similar to aligner bracket therapy; two

treatments that complement each other and can be successfully combined. A combination of the proven and the new.

For two days, experts will present their knowledge and share their experiences with you.

Look forward to a unique event in a relaxed atmosphere with lots of opportunities to share experiences.

Yours, Stefan Förster
FORESTADENT Bernhard Förster GmbH

First-class speakers await

From the 25th to the 26th of September 2020, the first Aligner meets Braces Seminar will take place at the Palacio de Congresos de Ibiza in Santa Eulalia (Spain). Look forward to outstanding orthodontic experts and fascinating subjects such as:

- What possibilities does aligner therapy offer and what are its limitations?
- The proven combined with the new – aligners in combination with conventional and lingual bracket systems

- Which other known treatment devices and mechanisms could be combined with aligners to achieve results?
- Are digital workflows necessary for aligners and aligner bracket therapy?

The lectures will be held in English and translated simultaneously into several languages.
